Hariram Ranwa
Chairman

Bhartiya Public School is rapidly changing into a center to prepare the students for challenges of higher learning. We are innovating our own pedagogy to provide the best to our students. The framed

infrastructure, well-knit schedule of activities, the dedicated team of BPS promise to provide a holistic education in a safe and vibrant learning environment and offer a range of opportunities that are structured to promote excellence, confidence and self esteem in every child.

Dr. Shishram Ranwa
Vice-Chairman

"Develop a passion for learning. If you do, you will never cease to grow."

Bhartiya Public School is a school that imparts lifelong learning which empowers the child to be the architect of

own life and an ambassador of good, compassionate and productive citizenship deeply rooted in the values of our school. I assure you that our school will definitely prove that it is really a corridor to the future for the stars of your eyes in due course of time.

Vidyadhar Kaswan
Managing Director

Three decades ago, we began with a belief-education is the heartbeat of a meaningful life. Today, as we celebrate 30 years of excellence, I am grateful for the trust, growth, and success we've built together. At Bhartiya Public School, we go beyond academics, shaping curious minds, strong values, and fearless spirits. This journey wouldn't be possible without our dedicated teachers and supportive parents. As we move forward, our promise remains the same-to adapt, grow, and empower every child to dream, dare, and achieve.

Rajendra Dhaka
Director

Bhartiya Public School is a privileged place to work. BPS has a special place in my heart. At Bhartiya Public School our approaches to learning are child centric & encouraging. In our curriculum student is the primary focus and each child is involved in the learning process. While academic excellence is our major thrust, the school is also devoted to prepare the students for life, groom them to face the challenges of tomorrow, and encourage them to be socially relevant.

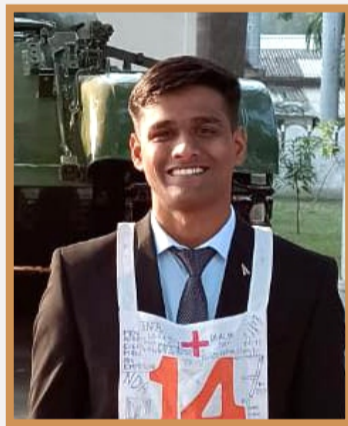

Rita Sharma
Principal

Education is not the process of producing doctors, engineers, architects, lawyers etc, but in the true essence education revolves around the maturing and moulding of every individual into a human being. I feel proud that in our institution the students exhibit the qualities like honesty, compassion, empathy, respect, obedience responsibility, helping attitude and goodness towards all. With the blessings of Almighty, I am deeply committed and firmly resolute to take the school to greater heights with the support of my honest and loving team members. I express my hearty thanks to all the stakeholders to be a part of Bhartiya family and all the readers to value our message.
